WITH A PERFECT
BEGINNER INSTRUMENT

ABOUT ME

Somesh, a versatile guitarist from Pune with over a decade of experience, is currently delving into the world music genre with elemental fusions. His musical journey began at the age of 14 when he first held a guitar, sparking a lifelong passion for music.

With a deep understanding of music theory, Somesh's compositions have evolved significantly. Starting as an indie artist, he is now devoted to creating mesmerizing acoustic pieces that touch the soul. His music is meditative and thought-provoking, aiming to help the audience connect with their true selves. Somesh's vision is to convey emotions that inspire personal growth and spiritual awakening through the power of music.

Currently, he has geared up with his set of acoustic compositions for his debut album 'Winds of Rebirth' and is eager to touch people's souls through live performances across India.

UKULELE LESSONS

UKULELE COURSE

INDEX

DESCRIPTION

For anyone who wants to start with instrument learning, Uke is the best option to start with. It not only is small and convenient, but you can also grasp the techniques quickly. Be it a family gathering or travel trek, the ukulele can be the best buddy if you are well versed with it. Uke with its simplicity provides an aesthetic touch which is why this instrument is suitable for all ages, right from kids to adults.

This course will help you learn everything that you need to know about the ukulele and is intended for beginners. It will guide you through the fundamentals to the techniques that will allow you to play songs and make them sound more euphonious.

The course also covers basic fingerstyle techniques on uke, which will give you a whole new experience, and trust me, fingerstyle is a must to adapt when it comes to uke.
